

18 SENATE REPUBLICANS VOTE FOR DEBT DEAL

Please call the Senate Republicans who voted with the Democrats to bust the budget caps and to completely suspend the debt limit until March 2017. Tell them you're very disappointed in their votes and remind them that they were elected to stop the spending and debt, not to increase it. Even if you don't live in their state, let them know that their votes impact you anyway and that you will be working to replace them with a true conservative leader.
